Director of Training

Hugh:

I would be interested in knowing how the AEC session for the Mid-Career Course on 20 October was received by the students and how it was judged by your staff representatives. I rather feel that I should be saying something to [redacted] on this subject.

25X1

Would you give an opinion as to how you judge the VAHLT score for the 1970-71 session as described in your weekly report for 7 October. Is this a successful program or not in your judgment?
